

Maison Benner (Musker) Benefit

Saturday June 13th

Spectacular Events, Isanti MN

At only 1 year old, Maison Benner (Musker) was diagnosed with Wiskott Aldrich Syndrome. This is a rare genetic immune deficiency that affects only four in a million boys. Because Maison has no immune system, even a common cold could be life threatening.

Maison was admitted to the University of Minnesota on March 26th to begin Chemotherapy and on April 6th had a Bone Marrow Transplant.

He will spend months in the Hospital and will have a long recovery period once discharged. This will include daily visits to the Hospital and years of close monitoring for possible complications.

Maison's family will have long term financial burdens to continue giving him the care and sterile environment they need to maintain.

**Tickets \$25 - Dinner at 6:30PM, followed by show.
Doors open at 4PM for games, prizes, and silent auction**

Spectacular Events, Isanti 763-444-9840

The Elvis Experience – Benefit Concert

Silent Auction – Games – Prizes – Bake Sale

For tickets and info call 763-434-3709

Steve and Tommy Marcio are award winning Elvis Tribute Artists who have performed in such places as Branson, MO and Royal Caribbean Cruise Lines. Come join them for a concert to help Maison's family.
